

LWC CHOIRS—UPDATE

Hello everyone. This is certainly unprecedented and very, very strange. Anyone else agree?

Anyway, here's what I can tell you about this unscheduled "time off" as it relates to Choir.

****You will NOT need any materials from the Choir Room (no workbooks, music, etc.)** Everything that we do will be online. However, if you'd like to come and say hello on Monday morning, please feel free. I'll miss seeing all of you.

****The Choir Placement videos still need to be completed by Monday night** so that I can start the process of getting them judged and scored. Now, doing it on video instead of live seems like it was a good idea.

****I have set up each choir in a Microsoft Teams classroom,** which should be available to you through your Microsoft 365 account. If you aren't sure how to access this, let me know, or ask a friend.

****I have set up each choir to use UTheory.com, which is new for us.** The link to join the class will be sent via Remind and also in Teams. You are responsible for getting yourself signed up.

****The surveys for song choice, etc. in the choirs are still up,** but will close tomorrow (Monday.) Make your voice heard!

****VOCAL JAZZERS: I'll be in touch about what you can do during this time,** but it will be up to you to do it.

That's it for now. Stay safe and keep yourselves busy, this is probably more free time than any of us has ever had.

Peace.
